

ITALIAN PROBLEM MAY BE SETTLED TODAY

Delegates Seem More Willing To Make Concessions—Huns Still Wanting Over Conditions of Peace Treaty.

(By Associated Press)
Paris, May 13.—The Italian problem seemed nearer solution when today's allied conference began. It is thought probably a basis of understanding will be reached during the day. The Italian representatives are reported more willing to make concessions.

HUNS DON'T LIKE IT BUT WILL SIGN TREATY

(By Associated Press)
Berlin, Monday, May 12.—"Even if important changes are not made by the negotiations at Versailles, there remains no choice but to bow to compulsion and sign the treaty," says an appeal of the independent socialist party central committee in the party newspapers today.

Chancellor Scheidemann in a speech before the National Assembly here today, also said the occasion was the turning point in the life of the German people, as the Assembly was to decide its attitude toward "what our adversaries called the peace conditions." He declared it "our duty to keep our nation alive and that nothing else," and called that portion of the peace treaty relating to German renunciations as a "murderous volume."

ALLIES ARE READY

Although it is not believed the Germans will refuse to sign the treaty, the entente is prepared to advance into Germany if the enemy rejects it, according to a London dispatch. Meanwhile the wave of opposition in Germany to signing of the treaty shows no sign of subsiding. While both President Ebert and Chancellor Scheidemann have denounced it, neither has gone so far as to state that Germany would not sign.

PROGRESSIVES TO NAME PRESIDENT PRO TEM

(By Associated Press)
Washington, May 13.—In arranging today for organization of the conference of republican Senators tomorrow the leaders planned to postpone action on the contest over the proposed election of Senator Penrose and Senator Warren as chairmen of the Finance and Appropriations Committees respectively. Republican leader Lodge said only routine business is planned. He, however, is said to be without opposition for re-election as conference chairman and it is expected Senator Curtis will be re-elected whip. It appeared that the office of President Pro Tem would go to a Senator affiliated with those opposing Penrose and Warren.

HUNS WANT TO TALK TO AUSTRIAN DELEGATES

(By Associated Press)
Paris, May 13.—It developed today that the German peace delegation will ask permission of the allies to confer with the Austrian representatives, when they arrive here. The allies had intended to keep them apart.

WASHINGTON PLANTED TREES

The visitor at Mt. Vernon is always struck with the wonderful variety of trees and shrubs which the father of his country planted with so much care. All this planting shows quite plainly that he enjoyed the beauties of nature; but he seldom commented on them, at least in his diary. One April day when the shy young leaves were making the world over again, he wrote in his diary: "The flower of the Sassafras was fully out and looked well—an intermixture of this kind and Red bud I conceive would look very pretty—the latter crowned with the former or vice versa."

WEATHER Partly cloudy tonight and Wednesday, not much change in temperature. LATEST OIL NEWS

A serious loss was suffered in the Lee county fields Thursday night by the Carter Oil Company, when lightning struck the 100-barrel tank on the D. E. Pendergrass tract completely destroying it and also three others of the same capacity nearby. The tanks were full of oil and the loss is estimated around \$4,000. In addition the Cumberland Pipe Line Company's gravity line was slightly injured but has been repaired.

What is believed to be one of the biggest, if not the biggest, wells in the Beatty tract in Big Sinking district, Lee county, The well came in flowing and made 600 barrels the first 24 hours after being pumped on the beam.

Darden Green, general manager of the Capital Oil Company, which owns the lease equally with the Thraman Oil Company, wired to the Kentucky Oil Exchange that Oil was having installed a three-inch working barrel and believed he could make the well produce 800 or 900 barrels.

The Beatty lease is surrounded on the north, east and west by the Flahaven land tract, being drilled by the Ohio Oil Company. This is the first well drilled on the Beatty tract, which consists of 65 acres. No. 2 will be completed by the end of the week. The pipe line connection to the lease was completed the same day the well came in.

There are only about a dozen Lexington and Frankfort men interested in the Beatty tract, which is a 150-acre corporation. George McLeod, of Lexington, is president, and French Hoge, of Frankfort, treasurer.

The Cumberland Pipe Line Company has just purchased four tanks with a capacity of 35,000 each, from Ohio Oil Company. These are located near Fletcherburg in the Furnace section of the Kentucky fields.

The suit of the Henry Clay Oil Company against the Quaker Oil Company for ten acres of the Simpson Crabtree lease in Lee county, will come up at the next term of the Beattyville circuit court. The Henry Clay now has one well here good for around 50 barrels and is drilling a second. An injunction suit of the Quaker prevents the selling of any oil from this part of the lease for the present.

The suit of the Henry Clay Oil Company has just spudded in for a deep test at L. E. Junction near Winchester. They will go 1,500 or 2,000 feet. On the same tract on which they are drilling two wells were located 25 years ago. These were small producers located at 130 feet.

New wells reported in Lee county: Hudson & Collins, No. 21, Collins and Hudson, 250 barrels.

Crown Oil Co., No. 1, W. T. Booth, 250 barrels.

Quaker Oil Company, No. 6, Simpson Crabtree, 50 barrels.

Quaker Oil Company, No. 5, Simpson Crabtree, 50 barrels.

Bachelors' Oil Company, No. 7, Sallie Davis, 150 barrels.

Lincoln Oil Company, No. 16, Millie Freeman, 25 barrels.

Arrowhead Oil Company, No. 11, David Proffitt, 60 barrels.

UNCLE SAM TO LOOK INTO OIL COMPANIES

Special Federal Grand Jury To Act At Louisville Following Arrest of "Old Man" Harris on P. O. Inspector's Charge.

(By Associated Press)
Louisville, May 13.—A Federal investigation of oil companies of Kentucky and foreign corporations will begin here May 21st. Federal Judge Evans today ordered a special grand jury empaneled as a result of the extensive investigations of post office inspectors, who yesterday caused the arrest of "Old Man" Harris, editor of the Kentucky Oil Journal and promoter of two corporations on a charge of using the mails to defraud.

Evidence is said to have been unearthed indicating that home companies have been using the mails to circulate their literature and that they are operating without owning any land and without assets.

The Louisville Herald said today of the arrest of "old man" Harris: Following his arrest and arraignment yesterday before United States Commissioner Craft on a charge of using the mails to defraud, F. L. Harris, 44, known in oil circles as "Old Man" Harris, publisher of the Kentucky Oil Journal, promoter of the Airplane and Refining Company and president of the Dreadnaught Oil Company, denied all allegations against him.

Harris, who was held to answer to the federal grand jury following his arrest, said last night the charges were ridiculous, and that he had "always been active in exposing fake oil companies, especially in Montana, where he formerly lived. He was released on \$1,000 cash bond furnished by himself. W. E. Greenaway, United States post office inspector, who swore to the warrant upon which Harris was arrested by United States Deputy Marshal J. R. Howell, yesterday morning, was absent from the city and did not appear at the preliminary hearing.

According to the charges made by Inspector Greenaway, Harris is accused of publishing advertisements that were misleading and untrue regarding oil prospects he represented, and it was charged that Harris printed and mailed "he had made for scores of his patrons from 50 to 500 per cent on their investments" was also untrue. The government officials further charged Harris with publishing a map purporting to show certain oil fields which he claimed belonged to the company, but which actually belonged to others.

Witnesses cited in the affidavits are Buckner McElroy, of Frankfort; H. P. Fruit, of Paducah; Judge Thad Cheatham, of Taylorville; M. P. Lancaster, of Versailles; S. M. Caldwell, of Louisville; C. E. Hoffman, of Louisville, and Miss S. H. Richards, of Louisville.

The midweek service at the Christian church Wednesday night will be under the direction of the young people who attended the Winchester state convention. Miss Miriam Noland will lead the meetings and the delegates will report their impressions of this meeting which from every point of view were the best in the history of the work.

The Winchester Sun said of the closing of the convention there: One of the most successful meetings of the Christian Endeavor since their 20th annual convention was held in this city from Friday until Sunday night. There was a large number of delegates in attendance and the meeting was very enthusiastic from the beginning and many very interesting speeches were delivered. The Convention address was delivered by Dr. J. H. MacNeill, of the First Christian church, Danville. The meeting will be held in Paris during May 1920.

Over thirteen hundred dollars was subscribed for state work for the next year. The following are the officers elected: President: Rev. W. H. Hopper, pastor of Woodland Ave. Presbyterian church, Louisville, Ky. Secretary: Mr. Wilson, Mayville, Ky. Treasurer: Mr. Geo. E. Baumann, Louisville, Ky. Superintendent of Junior work: Miss Elizabeth Wilson, of Louisville. Superintendent of Intermediate work: Miss Anne Delle Stewart, Mt. Vernon, Ky. Superintendent of Prison work: Miss George Dugan, Louisville, Ky. Superintendent of Intermediate work: Miss Chas. F. Evans, Lexington, Ky.

MRS. WILSON EATS RED CROSS PIE IN PARIS

(By Associated Press)
Paris, April 16. (By Mail)—Mrs. Woodrow Wilson is showing much interest in the welfare and comfort of American soldiers on leave in Paris. Recently she visited the American Red Cross tent on the "Champs de Mars" where accommodations have been established for 1,500 of them.

The wife of the President made a thorough tour of the Red Cross camp, making inquiries of the Red Cross of the food and the methods of serving. When cannon loaded with fresh apple pies arrived from a Red Cross kitchen Mrs. Wilson, sampled the pastry.

During her tour a bouquet of flowers tied with French national colors was presented to Mrs. Wilson. A French soldier with an armless sleeve but a happy smile made the presentation.

Mrs. Wilson carried the flowers in her arms during the remainder of her visit. She showed an enthusiastic interest in everything giving special praise and commendation to the recreation huts, where dances are held the reading and writing rooms, and the arrangement of the fifty large canvas dormitories.

She was received by Major Francis Boyer, manager of the Northeastern Hotel, who is in charge of the camp. Mrs. Wilson, director of the tent city, and Miss Lila McClellan, of Texas.

Noticing the number of men gathered to salute her as she left, Mrs. Wilson expressed the wish to greet them personally. An informal reception was held in front of the camp, the soldiers forming in line and shaking hands with the President's wife as they filed past.

HARDIN ANNOUNCES FOR CONGRESS

To the Voters of the Eighth Congressional District:

After a careful survey of the situation in the Eighth Congressional District, I am persuaded that the collective sentiment of the democratic voters in the majority of the counties composing the district is favorable to my candidacy for Representative. Otherwise, I should not feel justified in announcing myself as a candidate for a position carrying with it such signal honor for myself, and such great responsibility to my constituents, and especially, at a time in the history of the world, when statesmanship, to be personally credible and worthy of the honor must ignore small things and things of partisan prejudice, and give itself wholly and unselfishly to great constructive plans of national advancement and development. Stimulated—flattered it may be—by the belief that so large a number of the democratic voters of this splendid district consider me worthy to represent them in Congress during a possible and very probable, epoch-making period in the world's history, and with an enthusiastic appreciation of the personality, and the exalted statesmanship of our great President, whose policies I trust, shall constitute my working program, if elected, I hereby announce myself a candidate in this district for the office of Representative in Congress, subject to the action of the democratic party. It is my wish that selection of the nominee for the position be made by a primary election, held at a time when every party voter in the district shall have opportunity to register his free and voluntary choice.

After the most demoralizing war the world has ever known, we are upon a period of re-adjustment, and it will be my highest ambition, in or out of Congress, to support unflinchingly the man, who more than any of all the great men among our allies, has held the torch of liberty for a struggling world.

Respectfully,
CHAS. A. HARDIN.

CONGRESSIONAL ELECTION AUG. 2

A dispatch from Frankfort yesterday said that Governor Stanley called a special election for Democratic primary election day Aug. 2, to nominate a candidate for Congress in the Eighth district to succeed Harvey Helm. The committee will meet at Danville Wednesday to select a date for a primary election to select a candidate for the many applicants.

The Louisville Post had the following yesterday about the congressional race: Charles A. Hardin, of Harrodsburg, has announced his candidacy for the Democratic nomination for Congress from the Eighth Congressional district, to succeed the late Harvey Helm. Judge Hardin, in making his announcement, paid a tribute to President Wilson, saying: "After the most demoralizing war the world has ever known, we are upon a period of re-adjustment, and it will be my highest ambition, in or out of Congress, to support unflinchingly the man, who more than any of all the great men among our allies, has held the torch of liberty for a struggling world."

A meeting of the Democratic State Central and Executive Committees was held at the Seebach Saturday night, and Judge Hardin sought to regain as chairman, owing to his candidacy for the Congressional nomination, but his resignation was declined. Seldon Cleghorn, secretary of the committee, also sought to resign, and he was likewise persuaded to remain.

The committee was marked by the greatest harmony. It was decided that the county chairman of the various counties composing the Eighth Congressional district be authorized to decide whether the nomination be made by primary or by convention. These county chairmen will meet in Danville Wednesday to determine the matter. Judge Hardin stated, in reply to questions, that he favored a primary to select the Democratic nominee for Congress in his district. Shelton Sauley, of Richmond, considered the most formidable opponent of Judge Hardin for the nomination, has withdrawn from the race owing to press of private business.

DISABLED SOLDIERS

T. J. North, representing the Federal Board of Vocational Education, for the states of Ohio, Indiana, and Kentucky, with headquarters at Cincinnati, was in the city Friday. The Federal Board is getting in touch with all disabled soldiers who were in the service, with the aim in view of training and educating them, if the soldier so desires. All disabled soldiers, who are entitled to compensation from the Bureau of War Risk Insurance, should get the Red Cross in his town and get from that body a matter so vital to them.

This training is absolutely free to the soldiers—tuition, books, tools, traveling expenses, board and lodging being paid by the government. The soldier's dependents are supported by the government while he is in training. After the soldier completes his training or schooling, the government will place him in a good position.

Mrs. W. H. Order, of the Home Service Department, is familiar with the rights of the soldier under the Federal Board, and will be glad to talk to any disabled soldier. She can be found at the Red Cross headquarters.

Major Stone Norman, whose office is in the Oldham building, will be very glad to advise the soldiers in this or any other matter such as insurance, compensation, etc.

RICHMOND MAN HEAVY LOSER IN DANVILLE FIRE

C. J. Holmes, who makes his home here, lost the skating rink for several years, lost heavily in a fire at Danville last week. He estimated his loss at about \$3,000, an electric piano, 200 or 300 pairs of skates, a large tent and other goods being stored in a warehouse which burned. A dispatch from that city tells of the fire as follows:

One of the most destructive fires in many months was that which destroyed three buildings fronting on Walnut street, belonging to E. P. Faulconer, Sr. The Freeman Furniture Company used one of the burned buildings as a storage room. They estimate their loss at \$4,000 to \$5,000, with only \$1,500 insurance. Faulconer estimates his loss at about \$7,500, and not a dollar insurance. Chatham Brothers, of Harrodsburg, had stored in the building a load of Caloric furnaces, which are believed to be ruined. Their loss is possibly about \$3,000. C. J. Holmes, of Richmond, loses possibly \$3,000. He had stored an electric piano, 200 or 300 pairs of skates, a large tent, Fish and Bridgewater, blacksmiths, estimates their loss at \$300. Josh Jenkins, who occupies one of the rooms as a shoe repair shop, lost but little. The fire department saved him from loss. George Clarke, who with his wife, had roomed over the Jenkins shoe shop, lost practically everything. Mr. Holmes had \$2,000 insurance on his goods.
